Drug Prevention Program

Drug-Free College Environment

Crestpoint University proudly participates in a drug-free environment. The U.S. Department of Education requires institutions of higher education to implement a drug prevention and awareness program for their students and employees (Safe and Drug Free Schools and Communities Act). Results of Crestpoint University's biennial review of its Drug Policy Program are available upon request.

Staff and students are prohibited from the unlawful manufacture, distribution, possession or use of illicit drugs or alcohol while on the property of the school or participating in any institutional activity. Students or employees who violate this policy will be subject to disciplinary action up to and including expulsion or termination from employment.

There are numerous legal sanctions under local, state and federal laws, which can be used to punish violators. Penalties can range from suspension, revocation and denial of a driver's license to 20-50 years of imprisonment at hard labor without benefit of parole. Property may be seized. Community service may be mandated. Students could lose eligibility for financial aid, could be denied other federal benefits, such as social security, retirement, welfare, health, disability and veterans' benefits. Businesses could lose federal contracts if the company does not promote a drug free environment. Finally, a record of a felony or conviction in a drug-related crime may prevent a person from entering certain careers.

The laws of the State of Arizona are adequate to protect the innocent, but stringent enough to insure that persons involved with illegal dealings of drugs or excessive use of alcohol can be adequately punished. For example, a small amount of drugs found on a person may lead to an arrest, which could require the person to make payment of all court costs as well as participate in mandatory community service. A person found with drugs with the intent to distribute could be imprisoned. A person found to be intoxicated while driving could be forced to pay court costs, lawyer's fees, participate in community service, receive an increase in the cost of car insurance or even lose their driver's license and end up in prison.

Students and employees must notify the Administrator of the School in writing of a conviction of a criminal drug statute occurring at the work place, within 5 days after receiving the conviction. Disciplinary action will take place within 30 days of notification and can range from a letter of admonishment, suspension from school or work, and/or enrollment in a rehabilitation program to termination from either school or employment. Referral services and booklets can be obtained by accessing the resources listed below.

Health Risks of Alcohol and Other Drugs

The health consequences of drugs and alcohol depend on the frequency, duration, and the intensity of use and can include both physical and psychological effects.

Overdose is a risk for all drugs. It can result in coma, convulsions, psychosis or death. Combinations of certain drugs, such as alcohol and barbiturates, can be lethal. The purity and strength of doses of illegal drugs are uncertain.

Continued use of substances can lead to tolerance (requiring more and more of a drug to get the same effect), dependence (physical or psychological need), or withdrawal (painful, difficult and dangerous symptoms when stopping the use of drugs).

Long-term use of drugs can lead to malnutrition, organ damage, and psychological problems. The risk of AIDS and other diseases increases if drugs are injected.

The consumption of alcohol or drugs when pregnant may cause abnormalities in babies. Referral services and booklets can be obtained by accessing the resources listed below:

Family Educational Rights and Privacy Act (FERPA)

Crestpoint University maintains compliance with the Family Educational Rights and Privacy Act (FERPA) of 1974 (amended in January 1975 and appearing in its final form in June 1976).

FERPA defines requirements designed to protect students' privacy concerning their educational records. The disclosure includes students' rights and the procedure to review their records and correct inaccuracies. Generally, student records will not be released to a third party without written authorization from the student, a lawfully issued subpoena or by judicial order.

Educational records pertain to all records an institution maintains about a student. A student who has questions or concerns regarding compliance with the Privacy Act is encouraged to contact the president of the school at (800) 371-6105 x 101.

Crestpoint University reserves the right to release certain directory information. Former students of Crestpoint University have the opportunity to limit the release of directory information by notifying the student services director in writing.

The Family Educational Rights and Privacy Act (FERPA) affords eligible students certain rights with respect to their education records. (An "eligible student" under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution at any age.) These rights include:

1. The right to inspect and review the student's education records within 45 days after the day Crestpoint University receives a request for access. The student should submit a written request that identifies the record(s) the student wishes to inspect. The Crestpoint University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the school official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes is inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the school to amend a record should write the Crestpoint University official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If Crestpoint University decides not to amend the record as requested, Crestpoint University will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before Crestpoint University discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

Crestpoint University discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official typically includes a person employed by Crestpoint University in an administrative, supervisory, academic, research, or support staff position (including law enforcement unit personnel and health staff); a person serving on the board of trustees; or a student serving on an official committee, such as a disciplinary or grievance committee. A school official also may include a volunteer or contractor outside of Crestpoint University who performs an institutional service of function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, or collection agent or a student volunteering to assist another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for Crestpoint University.

Upon request, the school also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by Crestpoint University to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Family Policy Compliance Office
U.S. Department of Education 400 Maryland Avenue, SW Washington, DC 20202-5920

Phone: 1-800-USA-LEARN (1-800-872-5327)

Disclosures that postsecondary institutions may make without consent.

FERPA permits the disclosure of PII from students' education records, without consent of the student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the student, § 99.32 of FERPA regulations requires the institution to record the disclosure. Eligible students have a right to inspect and review the record of disclosures. A postsecondary institution may disclose PII from the education records without obtaining prior written consent of the student —

These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf. (§§ 99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. Crestpoint University reserves the right to disclose directory information as allowed under the definition provided here:
<https://www.ecfr.gov/current/title-25/chapter-I/subchapter-E/part-43/section-43.20>
- This may include the student's name, address, telephone listing, email address, photograph, date of birth, field of study, grade level, enrollment status, degrees granted, honors or awards received, and the most recent educational agency or institution attended. Directory information does not include a student's social security number or any information that is used in conjunction with one or more factors to authenticate the user's identity to gain access to a student's educational records.

- To a victim of an alleged perpetrator of a crime of violence or a non-forcible sex offense, subject to the requirements of § 99.39. The disclosure may only include the final results of the disciplinary proceeding with respect to that alleged crime or offense, regardless of the finding. (§ 99.31(a)(13))
- To the general public, the final results of a disciplinary proceeding, subject to the requirements of § 99.39, if the school determines the student is an alleged perpetrator of a crime of violence or non-forcible sex offense and the student has committed a violation of the school's rules or policies with respect to the allegation made against him or her. (§ 99.31(a)(14))
- To parents of a student regarding the student's violation of any Federal, State, or local law, or of any rule or policy of the school, governing the use or possession of alcohol or a controlled substance if the school determines the student committed a disciplinary violation and the student is under the age of 21. State Licensing

According to the American Bar Association, <https://www.americanbar.org/groups/paralegals/profession-information/educational-information-for-paralegals/> California is the only state to regulate paralegals directly, requiring a minimum education requirement for someone to use the title of paralegal. Crestpoint University's Certificate Program does fulfill the requirement listed here: *A certificate of completion of a paralegal program at, or a degree from, a postsecondary institution that requires the successful completion of a minimum of 24 semester, or equivalent, units in law-related courses and that has been accredited by a national or regional accrediting organization or approved by the Bureau for Private Postsecondary and Vocational Education.*

To see more information on working as a paralegal in CA, visit <https://bit.ly/caparalegal>

Some employers may require an individual to have passed a paralegal certification exam in order to be employed as a paralegal. Crestpoint University's Certificate Program as well as our degree programs will qualify an individual to sit for the Certified Paralegal Exam administered by NALA. Crestpoint University provides a prep course for the exam that is included with students' tuition. For more information on the exam, please visit the NALA website here: <https://nala.org/certification/>
